Following this, moderator Cam Foote will relate participant practices to industry norms. Further discussion will be oriented around the desires of the participants with a focus on personnel issues before lunch, and management issues after. We will work through the noon hour and have a light lunch brought in. Casual dress.

3:00/? Saturday

This time is reserved for informal discussions between participants or for sightseeing and recreation.

An informal, dutch-treat, group dinner will be arranged at an out-of-hotel restaurant for those wishing to get together and sample Bermuda nightlife, and/or continue discussions. Casual dress.

9:00/3:00 Sunday

Again, discussion topics will be oriented around the desires of the participants with a focus on marketing issues before lunch and financial issues after. We will work through the noon hour and have a light lunch brought in. Time will be left at the end of Sunday's session to cover topics participants feel they wish to discuss in more depth. To accommodate those with travel commitments, the session will formally end at three o'clock, but informal discussions can go on as long as participants wish. Casual dress.
